

JOIN US AT WHITE STAR

For just a few dollars you can buy into these lovely weanlings

June, 2018

A perfect time to get in on the action

Nicky Chilcott and White Star stables are excited to be able to offer shares in two cracking weanlings.

With prizemoney strong at Auckland, and still on the way up, it's the perfect time to invest in young horses.

Whatever your budget, we can accommodate you - you name the percentage you want and we will be happy to welcome you in.

White Star is enjoying its best season for 14 years, with 26 wins so far this season, so now is the perfect time to join a winning team and get in on the action.

Nicky's description of the two horses follows:

Jack's brother is already the boss

Bred by Woodlands Stud, by its million dollar earner Highview Tommy, this colt is out of Sophie's Choice, who was only lightly raced but won three times.

He is a half brother to our promising pacer Jack Tar, who has won one of his six starts and placed twice at Alexandra Park.

We have such a big opinion of Jack Tar that we decided to buy this colt.

He is very well developed and became boss of the paddock of eight horses the day he arrived.

Shares in this \$7000 horse are now being syndicated.

Bulldog comes with a big tick

A late foal, so still on the smaller size, this guy is just like a little bulldog. I love his attitude and he is a very strong mover.

By Alabar's exciting new sire He's Watching, he is out of an unraced mare named Chevelle Star but her dam Chevaux Star had eight to the races for eight winners.

He is the mare's second foal and successful Westwood Beach trainer Graeme Anderson who bought the first foal, by Betterthancheddar, likes her so much he is going to take a share in this colt too.

Shares in this \$9000 weanling are now available.
